US Secret Police Forces (**SSB**) Bomb Biochemical Plant near Harvard University, 'Murdered' Scientist Dr. Don C. Wiley's Pioneering Work Destroyed

By: Sorcha Faal, and as reported to her Russian Subscribers

Reports from the United States have reached us today that another attack against their citizens has been made by **SSB** forces operating in secret to control dissent among an American population growing weary under the tyrannical regime of their military rulers.

In my previous report to you about these SSB forces, "[US Secret Police Forces \(**SSB**\) Bomb Dissident American Village, Paonia, Colorado, 3 Children Dead](#)", I had stated:

*"As reported this past January, 2005, about the **SSB**, and as reported by the American Newspaper the Washington Post in their article titled, "[Secret Unit Expands Rumsfeld's Domain/New Espionage Branch Delving Into CIA Territory](#)", it is said, "[The Pentagon, expanding into the CIA's historic bailiwick, has created a new espionage arm and is reinterpreting U.S. law to give Defense Secretary Donald H. Rumsfeld broad authority over clandestine operations abroad, according to interviews with participants and documents obtained by The Washington Post. The previously undisclosed organization, called the Strategic Support Branch, arose from Rumsfeld's written order to end his "near total dependence on CIA"](#)"*

Of yesterdays attack we can read from the American Newspaper The Boston Globe in their report titled, "[Roof of biochemical plant blown off in Leominster](#)", and which says, "[An explosion blew off the roof of a biochemical building yesterday, injuring one employee and sending debris flying at least 100 yards from the site, officials said. Residents in about 10 nearby houses were evacuated after the 4:15 p.m. explosion in the small industrial building at 28 Elm Hill Ave., on the PolyCarbon Industries Inc. campus, said a spokeswoman for Mayor Dean J. Mazzarella.](#)"

Not reported to the American people however was that explosion destroyed perhaps the last scientific hope for the world for the development of a new and revolutionary vaccine to prevent a global flu pandemic, and based upon the research of the now dead, but who many believe was murdered, [American scientist Dr. Don C. Wiley](#).

Located a few miles from Dr. Wiley's Harvard University research labs in the Massachusetts Region, [Poly Carbon Industries](#) is one of the worlds leading companies in the development of APIs and reagents

for peptide/protein synthesis, and as stated on their website, *"Poly Carbon's Mission [is to] Assist its pharmaceutical and biotechnology customers to bring their products to market as quickly and as cost-effectively as possible [and] Achieve 100% delivery of the molecules it is contracted to produce on time."*

The significance of Poly Carbons research has its roots in the groundbreaking 1998 research and discoveries made by the American research organization Duke University Medical Center and reported by their scientists to the Journal of Virology (JVI) titled "Determinants of Human Immunodeficiency Virus Type 1 Resistance to gp41-Derived Inhibitory Peptides", and to which Dr. Wiley was a contributor to, *[Bullough P A, Hughson F M, Skehel J J, Wiley D C. Structure of the influenza haemagglutinin at the pH of membrane fusion. Nature 1994;371:37-43.]*

The revolutionary discovery made in this research is contained in just the first few words of the Abstract preceding the paper, *"A synthetic peptide, DP178, containing amino acids 127 to 162 of the human immunodeficiency virus type 1 (HIV-1) gp41 Env glycoprotein, is a potent inhibitor of virus infection and virus mediated cell-to-cell fusion"*

"Could this be possible!" the world's top microbiologists and research scientists asked? The implications of this were staggering, even to the believing that the AIDS virus, and which has killed many tens of millions of human beings, was a deliberate creation made for the purpose that through a number of generations (mutations) a vaccine for the total elimination of all flu viruses could be found.

But not to open International scientific organizations, or scientists, has this research gone, but rather this research has all but disappeared into the Black Regions of the United States and Israeli military establishments due to the fact that all of the world's top scientists who were following this research have all either died, been murdered or are now missing, including Dr. Wiley.

Since 2001 the 'list' of these scientists, the best in the world, who have suffered these fates has grown to 48, and as one can see from the American website called **"Dead Scientists"** and which has dutifully compiled all of the information, including the names and causes of death.

Yesterday's **SSB** bombing of the Poly Carbon Industries near Harvard University has now effectively ended the research of one of these great scientists, Dr. Wiley.

As I had previously reported to you in my February 21, 2005 report titled, "Avian Flu Death Toll in 'Hundreds of Millions' of Earths Animals, Information on All Americans Stolen in Worlds Largest Theft, Spur Global Panic", and in which I had reported, *"The vicious avian flu that has killed dozens of people in Vietnam, Thailand, and elsewhere in the region "has caused the deaths of hundreds of millions of animals in nearly a dozen Asian countries" in the past two years and could kill millions of people if it becomes capable of spreading efficiently among humans."*, now appears to be happening much sooner than any in the world have expected.

From just a few days ago Vietnams News Agency Thanhnien News Service has reported in their article titled "Bird flu hits central province, 195 locals show symptoms", says, *"A commune in central Vietnam has been severely hit by the bird flu, with 195 patients showing symptoms and two children testing positive with the virus, reported a top provincial official."*

The Greek News Service Kathimerini is also reporting, "EU officials are already preparing for the possibility that a global flu epidemic, which could cause up to 30 million deaths..."

Whatever to the ending of these events might be this we know to be true; the American people will suffer perhaps more than any others in the world.

From the activation of these secret **SSB** shock troops to curb internal dissent, to their continual disbelief as to the true state of the world, to their continual denial that they have been marked for total destruction as a Nation, and by their own masters no less, the forces of the Dragon masters of this world are plunging them more and more into subjugation and slavery as every day goes passes.

Even with eyes they do not see these true things, because they do not want to.
